PROPOSAL FOR A STUDENT EXCHANGE AGREEMENT BETWEEN UWA AND THE AUTONOMOUS UNIVERSITY OF MADRID REF:

The Faculty proposed to establish a student exchange agreement between UWA and the Autonomous University of Madrid (UAM). The School of Psychology, in particular, was interested in participating in such an exchange, and in furthering links in the area of PhD student collaboration. The School had proposed to set up a joint/double-badged PhD programme with UAM which had been approved in principle by the Graduate Research School. A copy of the Exchange Agreement had been attached to the circular.

RESOLVED – 37
that the proposed student exchange program between UWA and the Autonomous University of Madrid be supported and forwarded to Academic Council for consideration.
